

Grand Dunes Entry Systems *app quick start*

Step 1: Download and install the app and then input the Server address and app code provided below.

Step 2: After you enter in the code you will be prompted to enter in a four digit code. This code will be used when you click "let in" on the app.

Step 3: When your name is pressed at the front door your phone will receive a call you then can accept or deny

Step 4: Once you answer the call you have two options to end the call or press let in . If your press Let in you will be prompted for your 4 digit code you created when you setup the app.
